

WE TOLD THE FOREST SERVICE

Thanks to your help, over 10,000 individual comments and 90,000 petition signatures were hand-delivered to the Forest Service on Tuesday, February 21 in support of the time-out on mining on public lands north of Yellowstone.

Business leaders shared postcards with customers, and comments were collected everywhere from film festivals, to breweries, to a community gathering at Bozeman's American Legion Hall.

Thanks to YGBC members that shared Forest Service postcards with their patrons: Bozeman Angler, Chico Hot Springs, Country Bookshelf, Emigrant Creek Cabins, Nova Café, and Wilder Goods. Together, we are speaking out and showing widespread support that Yellowstone is more valuable than gold.

TELL US MORE ABOUT YOU - TAKE OUR SURVEY

This month, we asked you to take a few moments to tell us more about your business and how you'd like to contribute to YGBC. We appreciate the chance to gather information to better convey the economic power behind this incredible and diverse group of businesses.

THANK YOU to all who have already submitted your response. If you haven't had a chance, [please submit your response here](#).

All information will be kept private and numbers will only be aggregated to demonstrate the tremendous economic engine represented by the Yellowstone Gateway Business Coalition.

March is YGBC Recruitment Month

This March, we celebrate the one-year anniversary of the Yellowstone Gateway Business Coalition. During that time, we've grown to over 300 members. **Help us add more!** Please share our sign-on form with fellow business owners interested in joining!
